Policy Document on Environment and Energy Usage

The Environment and Energy usage Policy of institution is to manage energy in such a systematic way so as to minimize its impact on the environment.

This environment and energy policy is binding for all the components of the institution and applies to all its stakeholders and to the various activities undertaken by the institution. It will help us to embed efficiency and environmental awareness into our everyday activities helping us to realize our responsibilities and commitment to conservation of natural resources and to limit its usage.

Policies:

- To assess our energy usage and measure its impact on the environment.
- To install LED bulbs in the complete campus to save energy.
- To develop systematic waste management mechanism.
- To undertake tree plantation drive.
- To encourage use of advanced technology to minimize energy consumption, atmospheric emissions and noise, particularly from our vehicles by promoting use for electric vehicle.
- To strengthen our employees and students environmental knowledge and skills in order to improve environmental performance.
